

15 UPDATING THE FIRMWARE

General (Continued)

◇ Preparation

Access the following URL and download the firmware file.

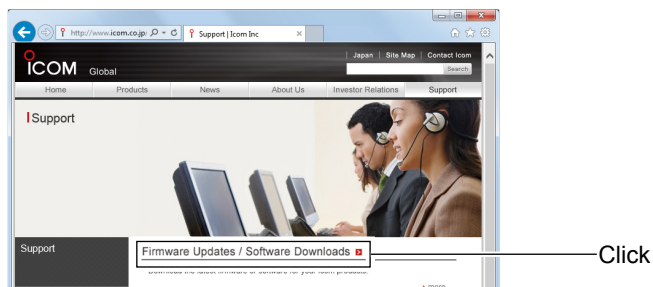

<http://www.icom.co.jp/world/index.html>

① These instructions are based on Microsoft® Windows® 7.

1. Click **[Support]**.

2. Click the **“Firmware Updates/Software Downloads”** link.

3. Click the desired firmware file link in the IC-7300 group.
4. Read “Regarding this Download Service” carefully, and then click **[Agree]**.
